

## Test - Level 3 - b - Answers Life and Death

1 Black 1 to 3 make seki	2 Black 1 makes the throw-in at 3 work. Timing is important	3 The simple connection works. The best white can do is a gote seki.	4 Black 1 to 5 leads to seki.
5 Black 1 is a key sacrifice To avoid the bulky 5 dead shape.	6 Black 1 is first then white 2. After black 3 white cannot connect at a so black kills the eye.	7 Black 1 must be first. Black 3 then kills the second eye.	8 The throw-in at 1 is brilliant. White cannot atari the 3 black stones.
9 Black 1 takes the eye. Black is not afraid of the white cut at 2. Snapback	10 "a" may look like the vital point but it is not. After Black 1 white cannot make a second eye.	11 Black 1 prevents a white atari at "a" so white dies.	12 Black 1 to 3 are a clever combination to get a seki.
13. After black 1 black gets at least a seki	14 Black 1 is the vital point.	15. Black 1 to 3 gives black a seki.	16. Black 1 to 3 give black a second eye.
